## G. O. P. ADMITS MONEY DRIVES IN MANY CITIES

Assistant Treasurer Tells Prob-  
lems That Campaign Is  
Pushed Vigorously.

COX CHARGES ARE BIG HELP  
Money Is Coming Easier Since  
Democrat Charged Corrup-  
tion, Blair Avers.

By United Press Leased Wire  
Chicago.—Republican leaders plan-  
ned drives for campaign funds in prac-  
tically every city of the country but  
never fixed any city quotas. Harry M.  
Blair, assistant treasurer of the repub-  
lican national committee, testified to-  
day before the committee of the sen-  
ate investigating campaign funds.

In modified form, this plan is being  
vigorously pushed, Blair said.

Blair named 20 cities where he said  
campaigns have been or will be con-  
ducted.

There was a plan, he said, to have  
Fred W. Upham, national treasurer of  
the republican party, "pass on" to  
city chairmen the quotas "suggested"  
for certain cities by state chairmen,  
but this plan never was put into ef-  
fect, he declared.

City quotas have been fixed, he ad-  
mitted, but said in every case it was  
done by state and city workers in con-  
ference.

He denied any city quota list was  
ever drawn up at national headquar-  
ters or that fifty-one cities in twenty-  
seven states were assessed \$3,145,000,  
as charged by Gov. Cox. Blair de-  
clared Cox's charges concerning a \$15-  
000,000 G. O. P. "corruption fund" had  
helped republican fund raising and  
that the senate investigation "has  
speeded it up instead of putting a  
damper on it."

He charged the republicans  
were being "persecuted" because they  
set out openly to raise their campaign  
fund.

Chicago.—Resuming examination of  
Harvey M. Blair, assistant treasurer  
of the republican national committee,  
today in the senate investigation of  
campaign funds Senator Reed ques-  
tioned Blair about the plan for set-  
ting funds in the large cities of the  
country.

Reed attempted to prove by Blair  
the truth of Governor Cox's charge  
that exact quotas were fixed by more  
than fifty cities. Gov. Cox in his  
Pittsburgh speech, read a list of fifty-  
one city quotas, totaling \$3,145,000.  
One was admitted yesterday by Dud-  
ley S. Blossom.

Reed asked concerning a document  
submitted by Blair marked "confiden-  
tial" information for regional and state  
committees and press agents, "summing  
up contained for organizing money  
raising campaigns were 'confidential'  
but not secret."

"When it was issued last November  
we didn't want the opposition to know  
all we were doing," said Blair.

"But I don't want anyone to have  
the impression that there was any-  
thing wrong, sinister, or untoward in  
that bulletin. I don't want to be  
put always in the position of playing  
the game under the table."

Reed called attention to repeated ad-  
vertisements to the workers against cer-  
tain forms of publicity and asked  
why they were issued. Blair com-  
mented with a copy of the official bulletin  
urging workers to give local publicity  
to the money raising campaign.

"Those instructions were issued af-  
ter you knew the investigation had  
been ordered and the facts brought  
out," Reed said.

Blair declared he didn't know about  
the senate investigation when he  
issued publicity he gave the plan.  
Reed asked whether Blair intended to  
put on a last minute drive for funds  
in the closing days of the campaign.

"We had planned a last week drive  
for 75 subscriptions," he said. "But  
it didn't develop."

Reading from form 102, the cam-  
paign plan for big cities, Reed asked  
whether a big September effort was to  
be made.

"I had a very elaborate plan," said  
Blair, "but it was rejected because  
William Boyce Thompson, chairman  
of the national ways and means com-  
mittee, insisted the plan not be used  
in the seven eastern states he con-  
sidered. Without those states, I felt the  
plan could not work successfully."

"In the seven states are about 35  
percent of the good prospects. That is  
why the plan was impractical with  
them left out."

The states Blair referred to were  
Pennsylvania, New York, Maryland,  
Delaware, Connecticut, Rhode Island  
and the District of Columbia.

Blair named the following cities  
where campaigns have been or are to  
be conducted to raise money.

Boston, together with thirty-seven  
nearby towns in eastern Massachu-  
setts; Cleveland; Cincinnati; Colum-  
bus, Ohio; Toledo; Akron; Youngs-  
town; Dayton; Springfield, Ohio; De-  
troit, Mich.; Indianapolis, Fort Wayne  
and South Bend, Ind.; Chicago;  
Milwaukee; Wis.; San Francisco and  
Los Angeles, Calif.; Denver, Colo.;  
Kansas City and St. Louis, Mo.

"You contemplated an extensive ef-  
fective drive in these cities?" asked Reed.

"That was the objective," replied  
Blair.

"Some cities have eliminated them-  
selves where it wasn't expedient to  
make a drive."

"Name them," said Reed.

"St. Paul, Dallas, Houston," said  
Blair.

He said the "time was not favorable  
in St. Paul and Minneapolis and in  
Dallas and in Houston the opposition  
was in control."

Quoting again from form 102, the  
plan for fifty-four cities, Reed said:

"When Gov. Cox said you had a  
plan to raise money in fifty-one cities,  
he simply under-stated it by three-  
fourths."

"Well, we intended to go into all the  
big cities," said Blair.

"And you pursued that plan except  
where you met obstacles?"

"Yes."

Blair said he thought there was  
"nothing wrong" about \$5,000 to \$10,  
000 subscriptions from men who can  
give that much.

Reed said his copy of form 101  
didn't contain any \$10,000 limit but  
referred to gifts of "\$5,000 and upward."

Blair said Reed's copy was incom-  
plete and furnished an official copy  
which provided for \$10,000 subscrip-  
tions in cases where "city's quota has  
been fixed at \$250,000 or more."

"There isn't any longer any dispute  
that form 101 was an actual docu-  
ment," said Reed.

Blair explained the only difference  
between form 101 and the plan actu-  
ally adopted was the \$1,000 limit on  
individual contributions which was  
not removed in the plan finally put  
into operation.

Blair denied that form 101 with the  
provision for contributions over \$1,000  
eliminated was sent out.

## HUNGER STRIKER IS MUCH WEAKER TODAY

Decision Not to Release Mac-  
Swiney Comes After Quar-  
rel in Cabinet.

By United Press Leased Wire  
London.—Lord Mayor MacSwiney  
was much weaker today, the 28th day  
of his hunger strike, according to a  
bulletin issued at Sinn Fein headquar-  
ters here.

The lord mayor spent a very bad  
night, the statement said.

"He complained of giddiness and  
numbness. The doctors consider him  
much weaker than yesterday."

The British cabinet has again re-  
fused to intervene and authorize Mac-  
Swiney's release. The decision was  
said to have been reached after a  
threatened cabinet crisis, in which  
Chief Secretary Greenwood, Viscount  
French and Sir Nevill MacReady offer-  
ed their resignations.

"Mayor MacSwiney convicted him-  
self," said an official statement on the  
government's attitude. "If he were  
released the murder of policemen in  
Ireland would continue. At the same  
time an impossible precedent would be  
established."

ONEIDA GAINS, VILAS  
LOSES IN POPULATION

By United Press Leased Wire  
Washington.—The census bureau  
today announced the following 1920  
population results:

State of Maine 167,996.  
Increase since 1910, 25,625, or 3.5  
per cent.

Oneida county, Wis., 13,296; Vilas  
county, Wis., 5,649.  
Increases since 1910:  
Oneida, Wis., 2,563, or 22.5.  
Decrease since 1910:  
Vilas county, Wis., 370, or 6.1.

"That was the objective," replied  
Blair.

"Some cities have eliminated them-  
selves where it wasn't expedient to  
make a drive."

"Name them," said Reed.

"St. Paul, Dallas, Houston," said  
Blair.

He said the "time was not favorable  
in St. Paul and Minneapolis and in  
Dallas and in Houston the opposition  
was in control."

## KUCKUK LEADS SENATE RACE BY 15 VOTES

Shawano Man Has Slight Edge  
Over Ballard With One  
Precinct Missing.

IS SURE OF NOMINATION  
Missing Precinct Will Give Ma-  
jority to Either Kuckuk or  
Rohm, Is Report.

Antonio Kuckuk, Shawano, and C. B.  
Ballard, Grand Chute, are running al-  
most a dead heat for nomination for  
senator from the Fourteenth Senatorial  
district, according to information  
late this afternoon. With one pre-  
cinct in Shawano county still to hear  
from, Kuckuk is leading Ballard by  
fifteen votes. The one missing pre-  
cinct will give a majority to either  
Kuckuk or Rohm, according to word  
from Shawano. There is very little  
possibility that Ballard will receive  
a sufficient number of votes to over-  
come the 15 vote lead, it was said.

Mr. Kuckuk said this afternoon that  
his nomination is practically certain.

The vote from the town of Dale,  
missing when yesterday's paper went  
to press, out Ballard's lead in the  
county to 41 votes, and made Kuckuk's  
nomination possible. The town gave  
20 votes to Ballard, 33 to Kuckuk and  
35 to Otto Rohm. This precinct also  
increased Wilcox's lead in the county  
by about 40 votes.

Otto Rohm, split up the Farmer-  
Labor Union vote in the senatorial  
race and made a good showing. He  
ran third in Outagamie county but is  
running ahead of both of his competi-  
tors in Shawano county.

Returns from the state late this af-  
ternoon indicate that Blaine and Wil-  
cox are running a pretty race, with  
Blaine a nose ahead. Interest in that  
race is most intense here and hundreds  
of telephone calls have been received  
at the Post-Crescent office seeking in-  
formation.

"Dope" on the election has gone cir-  
cled, according to political fore-  
casters. Many of the counties which  
were relied upon for substantial Wil-  
cox majorities went for Blaine and O.  
J. the other hand counties which were  
regarded as sure for Blaine, threw the  
bulk of their support to Wilcox. One  
thing is certain—If Col. Seaman had  
remained out of the race the nomina-  
tion of Wilcox would have been as-  
sured hours ago.

Nomination of Blaine will mean a  
determined fight to elect Col. McCoy,  
the democratic candidate. Appleton re-  
publicans said this morning. Anti-La  
Follette men aver they will never vote  
for his candidate and would rather  
vote in the democratic party than see  
Blaine and the Non-Partisan League  
in power.

ors that Babe Ruth had been injured  
in an auto accident.

"Ruth got in here with the rest of  
the team last night and he's right

at his hotel.

Among the rumors was one stating  
that the Yankees were in a train wreck

o'clock.

Light rains fell during the morning,  
but the grounds were reported in good  
shape.

## 750,000 Are Homeless In Quake Region

Death Toll Will Exceed 300  
When Debris Is Cleared  
Away, Officials Say.

By United Press Leased Wire  
San Jose, Cal.—The sharpest  
earthquake shock felt here in  
many years shook San Jose short-  
ly before 9 a. m. today.  
Hundreds of people rushed into  
the streets.  
No heavy damage was done.

Rome.—With the number of casual-  
ties and extent of the damage from  
Tuesday's earthquake still undeter-  
mined, slight shocks occurred today thru-  
out the Lunigiana and Versilia dis-  
tricts in the region of Genoa.

The latest reports showed more than  
300 dead in the large area affected by  
the earthquake with prospects of this  
number being increased by several  
hundred as communication was re-es-  
tablished with isolated communities.

Thousands were known to be injur-  
ed and the number of homeless was es-  
timated at 500,000 to 750,000.

King Victor Emmanuel who was in  
Pisa when the shock occurred, joined  
relief parties and visited several ruin-  
ed towns today.

Despite entreaties of his staff, the  
king insisted upon entering houses on  
the verge of collapse. He visited the  
injured in hospitals and made several  
addresses to the homeless throngs.

Among the towns visited by the king  
were Fivizzano, where 200 persons  
were reported to have been buried be-  
neath the ruins, and Garfagnana,  
which also was completely razed. Other  
towns practically wiped out were  
Vignola, Castel Nuovo and Villa Col-  
lemandina. Considerable damage was  
done in Tuscani, Castellotto, Mon-  
tano, Pavia, Monteceto and Deserano.

A message received in Lucca said  
that fifty bodies had been recovered in  
Lucca and that many more were in  
the ruins.

## ALLIES CALL US QUITTERS, COX CHARGES

No Prosperity Until Seeds of  
Distrust Are Removed,  
Montana Hears.

NEED LEAGUE FOR PEACE  
High Taxes Will Continue Until  
Disarmament Is Accepted  
by All.

(By Herbert W. Walker)  
By United Press Leased Wire  
Helena, Mont.—The United States  
is looked upon by its associates in the  
war as a nation of quitters, because  
the senatorial "oligarchy" has blocked  
its entrance into the league of nations,  
Governor James M. Cox asserted in a  
speech here today opening his second  
day's campaign in Montana.

"America cannot enter into that  
period of prosperity to which we are  
entitled until the doubt and distrust  
and the growing hatred against us  
created by the apostles of hate in the  
senatorial oligarchy have been remov-  
ed," he said.

"We are looked upon as a selfish  
nation, as a nation of quitters, self-  
prosperous and self-satisfied, while our  
associates, as well as our enemies  
among the nations of Europe are  
starving to death."

"They cannot go to work. They  
cannot even pay their debt of ten  
billion dollars to us until a definite de-  
cision as to the terms of peace and  
indemnity have been made and all dis-  
trust, each of the other, has been re-  
moved. This can only come when we  
join the thirty-eight other nations of  
the world which have already affixed  
their signatures to the articles of  
peace agreed upon when our boys  
stood watch on the Rhine."

"Reconstruction cannot be defini-  
tely undertaken until we know where  
we stand with the nations of the  
world."

Cox declared that war taxes cannot  
be reduced if we continue building bat-  
tleships and equipping armies, "year  
after year in competition with other  
nations."

"But we cannot discontinue until  
other nations do likewise and the  
league of nations provides the means,"  
he added.

Three main speeches at Helena and  
the mining sections of Anaconda and  
Butte were on Cox's schedule today  
after which he will leave for a stump  
invasion of Washington.

In his speech to miners, Cox will  
emphasize mining reforms, accom-  
plished in Ohio and his belief that only  
progressive government will win  
confidence of the people.

Cox in an address here also declared  
that the definite policy of reclamation  
was becoming more imperative as con-  
gestion increased in cities. He extend-  
ed his league of nations to reclamation  
by saying that 150,000 square miles  
of waste land could be made produc-  
tive for the same expenditure neces-  
sary to carry out the program of  
building battleships for each state and  
that one million men could return  
their activities to production of nec-  
essities if disarmament is agreed upon.

Cox was due to leave for Anaconda  
at six o'clock tonight.

"My lunch was sent to my office

THINKS KIDNAPED  
BOY IS FOUND

Lad Found in Tennessee May  
Be Long Missing Cough-  
lin Child.

By United Press Leased Wire  
Morristown, Tenn.—A boy, di-  
lignately in the home of J. B. Neal, a  
business man, a blue-eyed baby boy  
today tried to convince his name to the  
man who is caring for him after his  
rescue here yesterday morning from a  
strange negro woman.

Sheriff Carrington said today he had  
information that convinced him the  
boy is Blakely Coughlin, Morristown,  
Pa., baby, who was kidnapped in June.  
He has wired authorities at Morris-  
town.

The baby was found yesterday morning  
in the courthouse yard.

The sheriff said the child appar-  
ently had traveled some distance and was  
worn out, for he slept most of the day.

From the negro woman who found  
and tried to comfort him, he fled in  
terror but when Homer Long appeared,  
all was well.

"The baby evidently has been well  
cared for," Sheriff Carrington said to-  
day, "but evidently he is not familiar  
with negroes. It was that that caused  
me to think he was not a southern ba-  
by."

No clue has been found as to how  
the baby came to be on the courthouse  
yard.

THINKS MACSWINEY  
IS IN NO DANGER

Hunger Striking Expert Predicts  
Three Weeks of Life for  
Irish Mayor.

(By Don E. Chamberlin)  
By United Press Leased Wire  
Chicago.—Terrence MacSwiney, lord  
mayor of Cork, may continue his hun-  
ger strike against imprisonment sev-  
eral weeks more without suffering any  
great pain or starving to death, Dr.  
Ruth Lighthall told the United Press  
in an interview today.

Dr. Lighthall, a graduate physician,  
spoke with authority on the subject  
of a voluntary fast as she went on a  
five day hunger strike during the war  
against imprisonment on charges of  
being a pacifist.

"MacSwiney may live three weeks or  
longer," she said.

Dr. Lighthall recited the experience  
of Dr. Tanner an eastern physician  
who fasted a month and a half. She  
also told of her own fast and said the  
experience of nearly all hunger strik-  
ers is identical.

She went on her hunger strike in  
December, 1918. She was arrested dur-  
ing the summer of that year on a  
charge of violating the espionage act.

Her case, she said, dragged for many  
weeks while she awaited in the coun-  
ty jail. Finally, she said, she tired  
of waiting and announced she would  
not eat food until her trial was start-  
ed.

For five days she fasted.

"In that time all I had was a glass  
of water daily," she said.

MacSwiney, she said, "is probably in  
excellent condition mentally."

She said she believed that while his  
body was weak, he probably is feeling  
fit and perfectly aware of everything  
that was going on around him.

"The first day there was very little  
difficulty except towards night when  
I developed a headache," the doctor  
continued.

"I could not sleep the first night.  
The headache continued the second  
day until late in the afternoon when  
it disappeared."

"From then on I felt fine. I no  
longer had any desire for food. My  
mind was clear and I could think bet-  
ter than at any previous time in my  
life."

"The first thirty-six hours I had a  
strong craving for food and felt the  
pangs of hunger. After that the  
cravings were off and food became ob-  
noxious."

# INJURIES RESULT IN MAN'S DEATH

James C. Nelson Dies at St. Elizabeth Hospital After Accident.

James C. Nelson, town of Maine, who was injured when his automobile ran into a culvert near Shotton early this morning, died at St. Elizabeth hospital about 11 o'clock Wednesday. Dr. J. J. McQuinn said his skull was fractured and his back was broken. He suffered internal injuries. Although Nelson was driving with one hand when the machine left the road it has been quite definitely established that this was not the cause of the wreck. Investigation has disclosed that a red in the steering gear broke, causing the car to become unmanageable. Nelson broke his arm about three weeks ago and had been driving with one hand for several days. He was returning from Shotton where he had taken his children to school when his car was wrecked. He was found beneath the debris of his car about ten minutes after the accident and rushed to St. Elizabeth hospital.

The decedent had been connected with the state highway commission as road inspector for about seven years. He spent most of his time in Outagamie county. Mr. Nelson was a resident of Neenah for many years. Funeral services will be held Saturday afternoon from the late home in Maine. The Rev. A. L. Tucker of the Seymour Methodist church will be in charge.

The decedent survived by his widow, three sons, five daughters, mother, Mrs. A. M. Nelson, Neenah, one sister and three brothers.

# FIRE DESTROYS SEYMOUR PLANT

Cheese Box Factory Owned by Appleton Man Is Consumed by Flames.

A fire starting shortly after midnight destroyed the Seymour Cheese Box factory at Seymour, causing a loss of about \$20,000. The plant was owned by S. A. Koss, head of the Koss box and machine company of Appleton. All machinery and most of the stock, including a large number of finished boxes, were destroyed. The building was totally ruined.

Mr. Koss said this morning that work is to be started at once on a new and modern factory. It will be cleared away within a few days so that construction work can be begun without delay.

The building was a frame structure.

# NEWS OF INTEREST FROM COUNTY AND STATE

## LOWER STANDARD IN GAS HEAT UNITS

Industrial Commission Permits Material Reduction in Standards.

(Special to Post-Crescent)  
Madison.—In a decision handed down today the Railroad Commission lowers the standard of gas in Wisconsin from an average of 600 British Thermal Units, with a minimum of 550 b. t. u. to an average of 520 b. t. u. with no variation more than 4 per cent below nor 5 per cent above. The Commission, however, retains jurisdiction to fix a higher standard for any utility if the conditions warrant, and requires all gas companies to file monthly reports from which the Commission will be able to ascertain whether or not there is any appreciable difference in the cost of manufacture which will permit the lowering of the gas rates.

On June 9 the Wisconsin Gas Association which composes practically every gas company in the state, applied to the Commission for the reduction in the heat units as a necessity in the conservation of coal and oil. Hearings were held July 15 and Aug. 3, at which time it was learned that with the character of coal which practically all gas companies have been compelled to use for some months it has been impossible for them to maintain the standard which was established by the Commission more than a decade ago.

It was argued by the companies that the reduction of the standard to 520 b. t. u. would conserve materials, produce better service and effect a slight saving in the cost of manufacture.

ture and that present economic conditions make it imperative that relief be granted promptly.

Assistant City Attorney Mattison, of Milwaukee, is quoted in the decision, after explaining that the city of Milwaukee had made a considerable study of the matter, as saying: "We are willing to stipulate . . . before the Commission that an order issued applying to the city of Milwaukee along that the proposed reduction in the B. T. U. standard be permitted as an experiment . . . to secure the advantage of a conservation of our (fuel) supply."

In its decision the Commission quotes its engineering department as saying "that with properly adjusted burners and sufficient capacity the gas companies will be able to render better service with the lower heat value of gas than they are giving at the present time."

After reviewing the whole situation in an 8-page opinion the commission finds:

"1. That it is to the best interests of the consumers of gas in Wisconsin that the present 600 b. t. u. standard should be suspended for an experimental period."

"2. That the unprecedented difficulties now being encountered in obtaining adequate quantity and reasonable quality, a supply of coal and oil make it imperative that the standard should be reduced."

"3. That the disadvantages to the consumers will be very slight, if any, and that they are far outweighed by the benefits which will be brought about."

"It is therefore ordered that until further order of this commission either general or as to any public utility, or until final order establishing standards for gas service in this state, Rule 8 of the Standards for Gas and Electric Service, established by the Commission under date of Aug. 7, 1913, W. R. C. R. 418, be and is amended to read as follows:

"Each utility furnishing gas service must supply gas of such standard of heating value as will enable it to obtain the greatest practicable efficiency with its equipment and the raw materials available giving due consideration to the uniformity of the quality of the service rendered. A minimum monthly average shall be maintained of not less than 520 British Thermal units total heating value per cubic foot, as referred to standard conditions of temperature and pressure. No fluctuations from the standard selected by the individual companies shall exceed 4 per cent below or 5 per cent above that standard. The tests to determine the heating value of the gas shall be made anywhere within a mile radius of the center of distribution."

"It is further ordered that for a period of six months, or longer if the Commission deems necessary, monthly reports shall be made to the Commission giving:

"For Coal Gas Plants—Amount of coal carbonized; cost of coal carbonized; grade or quality of coal; amount of gas made; amount sold; amount of coke made; amount of bench fuel used; cost of bench fuel used.

"For Water Gas Plants—Amount of oil used; cost of oil; grade or quality of oil; amount of generator fuel used; cost and kind of generator fuel used.

"For all plants: B. t. u. record; summary of complaints; work down in adjustment of consumers' appliances; give utility's conception of the results obtained from the reduction in b. t. u. standard."

## MORE AND MORE REPORTS FROM APPLETON PEOPLE

For 30 years Doan's Kidney Pills have been helping kidney sufferers. More than 300,000 people in the United States alone have publicly told their own townspeople how Doan's have benefited them. Scores of users right here at home tell how this old, time-tried kidney remedy rid them of kidney backache, dizzy spells, daily headaches, kidney irregularities and other annoying forms of kidney weakness. Read this home testimony: it should be convincing proof. Ask your neighbor.

Another Appleton Case  
Mrs. Fred Maack, 657 Fair St., writes: "I used to have bad spells of backache. Pains would catch me across the small of my back and make me lame. There was a steady pain in my back all the time and my kidneys acted irregularly. Headaches bothered me, too. An attack like this was always quickly relieved by using Doan's Kidney Pills. They benefited me in every way, so I think highly of them."

## SIX CITIES HIT BY INCREASED RATES

Street Railway Fares and Gas Rates Are Boosted in Several Places.

Madison, Wis.—Increases in street railway fares and in gas rates were granted Saturday by the railroad commission in six rulings, affecting La Crosse, Eau Claire, Chippewa Falls, Fond du Lac, Janesville and Beloit.

In the case of the Eastern Wisconsin Electric Co., the commission granted permission to charge a cash fare of 5 cents in Fond du Lac. The previous fare was 7 cents.

In the application of the Rockford and Interurban Co. for an increase in fares between Janesville and Beloit, the commission granted a readjustment, increasing fares in several items of the schedule and decreasing them in others.

**Gas Rates Increased**  
Gas rate increases were asked by the Wisconsin Minnesota Light and Power Co. for Chippewa Falls, Eau Claire and La Crosse. In Chippewa Falls a general increase of 50 cents per 1,000 cubic feet was granted, making the net rate for the first 1,000 at \$2.55, for the next 5,000 at \$2.55, the next 5,000 at \$2.55, the next 5,000 at \$2.55, and over 20,000 at \$1.50. A minimum charge of \$1 was granted.

In Eau Claire the new rates ordered are \$2.30 for the first 5,000 cubic feet, \$2.10 for the next 5,000, \$1.90 for the next 5,000, and \$1.70 for amounts over 20,000. The old rates were \$1.50, \$1.45 and \$1.35, respectively. The minimum charge is \$1.

**La Crosse Rate Increased**  
A uniform increase of 40 cents per 1,000 was granted in La Crosse. New rates ordered are \$2.05 for the first 5,000, \$1.90 for the next 5,000, and \$1.50 for more than 10,000. A minimum monthly charge on light meters was added.

The commission permitted an increase of 10 cents for gross rates over the net rates.

## DENIES INJUNCTION TO STOP WORK ON SCHOOL

Madison, Wis.—In a judgment filed in the circuit court, Judge Stevens ruled that it would be unjust to allow taxpayers to stop work on a public building by securing an injunction after they had allowed the work to proceed without objection until public funds had been so used that loss of at least a large part of such funds must result if work is stopped, unless they can show substantial grounds for such action.

The decision was handed down in the case of William Wallace and Harold Jewell, on behalf of the taxpayers of East school district No. 1, towns of Forest and Bloom, Richland county, and the town of Union, Vernon county, against J. W. Curry, clerk of the school board, E. E. Essex, treasurer, and John Fanta, director of the West Union union free high school district.

A temporary injunction issued May 24 was dissolved by the court's order. The school board had borrowed \$25,000 for the building and had begun work on the erection of the building before the complaint was made by taxpayers.

## WALL STREET OFFERS BIG ODDS ON HARDING

New York.—Between \$300,000 and \$400,000 has been wagered in the financial district on the presidential election, mostly at 2 to 1 and 3 to 1 that Harding will win.

There has, however, been a fair sprinkling of special bets that one or the other candidate will carry certain doubtful states. In such cases, odds materially different prevail.

Of the total amount wagered it is said fully \$100,000 has been supplied by one man, a Harding supporter. Democrats demand 3 to 1, while the Republicans believe 2 to 1 is a fairer proposition.

**BELL-ANS**  
FOR INDIGESTION  
6 BELL-ANS Hot water Sure Relief  
Alkali in Shampoos Bad for Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

# You're taking the right step when you switch to Spurs

**YOU** can't do better. After you've smoked through a pack of Spurs, you won't want to go back to other cigarettes. You'll find your old kind sort of flat and uninteresting, like last year's politics.

For Spur's good tobacco taste can't help but win you for keeps. There's rich, mellow Turkish, flavorful Burley and other home-grown tobaccos blended in a new way that brings out to the full the all-'round goodness of this top-notch cigarette.

And Spurs top all—all ways. They're crimped. That means slow burn, smooth taste—no paste. The smart "brown-and-silver" package is three-fold to keep Spurs fresh and fragrant.

Twenty cents will prove that Spurs are your kind of cigarettes—top-notch quality at rock-bottom price. The sooner you try them the gladder you'll be.

**A wedding of interest to Appleton** was the marriage at six o'clock Wednesday evening of Miss Helen Mary McNaughton to Matthew Lyle Spencer, director of the School of Journalism in the University of Washington, Seattle. The ceremony was performed by Dr. Samuel Plantz, president of Lawrence College, at the home of the bride's cousin, Mr. and Mrs. Judson George Rosebush, 625 Park avenue.

Simplicity marked the service, which was attended only by immediate relatives and friends of the two families. The bride was given in marriage by her brother, John McNaughton, Kaukauna. Her gown of white satin was cut in Grecian effect, with court train, and was trimmed with silver embroidery and pearls. Her veil of Venetian point lace was held by a bandeau of pearls. She carried a colonial shower bouquet of brides roses and lilies of the valley.

Mrs. Judson George Rosebush was matron of honor and wore a gown of pink georgette and satin. She carried a colonial shower bouquet of pink roses and orchid mist.

Miss Virginia McNaughton, a cousin of the bride, was maid of honor. She wore a gown of white satin and carried a colonial shower bouquet, also of pink roses and orchid mist.

Mr. Spencer was accompanied by John Stevens, Appleton, as best man. Little Miss Margaret McNaughton, daughter of the bride's brother, was flower girl, and Judson Rosebush, Jr., ring bearer.

Following the ceremony in the drawing room, which was decorated with chrysanthemums and autumn flowers in shades of pink and lavender, dinner was served in the library on the third floor. Plates were laid for sixty.

Out-of-town guests at the wedding were Misses Amelia McNaughton, Chicago; Virginia McNaughton, San Diego, California; and Edna Witwen, Madison; Mesdames Harold Johnston, Glenwood, Wis.; Peter McNaughton, San Diego, California; R. S. Morphy, Walkersville, Ont.; A. O. Morris, Knightstown, Ind.; George Thomas, Janesville, and Frank Tillotson, Lake Mills, Wis.; Mr. and Mrs. Franz Rosebush, Port Edwards, Wis.; Mr. and Mrs. Charles Schütz, Crystal Lake, Wis.; and Mr. Kirk McNaughton, New York City.

Mr. and Mrs. Spencer left on a late train for the west and will be at home in Seattle, Wash., after Nov. 1.

**Fox Trot Contest**

### THE BOOK OF ANN

**Ann's Father Is Shipped Off, With Morrison Keeping Him Company**

It was an hour after the theft before my husband came home. I did not refer to the scene involving Katherine and her tangled tresses.

Our difference seemed petty compared to poor Jim's tragic introduction to the man his children would have to call "grandfather."

"The detectives were unwilling to give up their catch," said Bob as he sank into one side of my hammock. The dance music came to us on the breeze and made a strange background for the story Bob had to tell.

"They were not going to deliver up such a prize to save anybody's feelings. Finally I got hold of Morrison." "Good old Morrison! And Mr. Best— is free?"

Bob laughed rather cynically.

"Well, I wouldn't say free. Morrison has gone on the train with him to the airport, and will stay with the chap until the ship leaves the dock, too. You can bet I fixed that all right."

"For goodness sake, tell me all about it, Bob?"

"Best explained to us that he had determined to see his daughter before he took the midnight train. So he hung around her house on the chance that she would run in for something during the evening. May I smoke?"

"Of course, my dear."

"When the fireworks went off, the servants went off, too. At least Best says they deserted the place. So he walked right in the front door, and wandered from room to room, just to see the fine way his girl had feathered her nest—so the fellow said. And, of course, he whimpered a good deal about being an outcast and a derelict until I told him to cut the bunk. Well, he said he knew which was Ann's room from the furniture, and he was just going around admiring the things for their artistic worth. The antique furniture interested him greatly—he's an artist, you know—and he examined it like a connoisseur, even opening the

## Release for Women who Suffer

The multitude of American women who suffer terribly day after day and year after year from ills peculiar to their sex is almost beyond belief — yet there is hardly a town or hamlet in the United States wherein some woman, and often many, do not reside who have been restored to health from some of the worst forms of female ills, and often avoided operations by taking Lydia E. Pinkham's Vegetable Compound.

**These Two Women Tell of Their Experience.**

Carrollton, Ky. — "I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I shall always recommend your Vegetable Compound." — LILLIAN THAYER, 624 South 6th Street, Carrollton, Ky.

Onalaska, Wis. — "Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered so it seemed as though I would die, and I was not regular either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and can do my own housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good for female weakness as can Lydia E. Pinkham's Vegetable Compound, and you may use these facts as a testimonial." — MRS. LESTER E. WARNER, R. 1, Box 99, Onalaska, Wis.

# PRESS CHARGE OF AIDING CAR THIEF

Carnecchia Is Bound Over for Trial After Preliminary Hearing.

William Duke Carnecchia, charged with aiding a car thief, was bound over to the circuit court for trial after a preliminary hearing held yesterday afternoon. Carnecchia was the only witness examined at the hearing. He was charged with aiding a car thief, who was charged with stealing a car from the garage of a local garage. Carnecchia was bound over to the circuit court for trial after a preliminary hearing held yesterday afternoon.

The defendant said that he reached Appleton at 7 p. m. Aug. 22, and placed the car in a garage owned by Mrs. Pardee. The following day he went to Rockville and upon his return placed the car in the same garage. On Aug. 26, the day the car was taken in charge by Chief Prim, he admitted going to Schieler's hardware for a plate number which was put on the machine at a local garage. The number on the plate was the same as the serial number on the car and he was informed at Rockville that he would have no further trouble if the former plate was replaced.

Carnecchia said that he did not change any other numbers on the car and did nothing else to change its identity. He did not know where Slater got it and did not inquire the nature of his business. In describing him he said he was a man about 35 years old with black hair and was somewhat heavier than himself. He was a matter of fact inquired District Attorney Heidegger on cross examination, didn't Slater tell you to take the car into Wisconsin and sell it? The question was answered in the negative.

The district attorney then questioned him in detail as to the different places he had resided in Chicago as to the number of years he had made his home in that city and as to his employment. He said that at present he was engaged in selling stock and that at one time gave all his time to writing songs for the profession. He mentioned several of which he claimed to be the author.

necessary funds. Carnecchia than came direct to Appleton, leaving instructions that the license be forwarded to him at his rooming place 632 Lawe street. The application for the license was also made part of the court record.

The purchaser was given a bill of sale which was produced in court and made part of the record. He said that Davis was present when he paid Slater the money. He claimed that he had no knowledge of the car having been stolen. After the deal was closed Slater showed him how to operate the car. He said that he was a car thief and that he was engaged in selling stock and that at one time gave all his time to writing songs for the profession. He mentioned several of which he claimed to be the author.

George Krueger, Richard Pardee and son Alvin left on an auto trip Saturday for West Bend, Milwaukee and Waukegan. Tuesday's paper stated that Mrs. Krueger made the trip which was an error.

At Elkhorn, Wis., the defendant said he ran into a ditch and damaged a wheel. The owner of the machine at which it was repaired wanted to know why he was operating the car without a license and was informed that he was on his way to Madison to get one. The matter was reported to the sheriff who made an investigation and who permitted him to resume his journey after he had made application for the license and turned over the

# C. OF C. TO MAKE PLANS FOR YEAR

Board of Directors Will Complete Civic Program at Next Meeting.

Every standing committee of the Chamber of Commerce has had its meeting to consider what its major activities for the year should be. Each will recommend a program to the board of directors at the meeting today, and the board then expects to come to the citizens with a definite plan of work for the year of Appleton. Inability of committee chairmen to get a quorum during the vacation period has been one of the reasons why the program was not drafted earlier, according to Secretary Corbett. The success of the organization depends on having something definite to work for, he believes, and has therefore guided the organization in a partial program of activity until this is done.

The second issue of "Community Improvement" official monthly organ of the chamber, will probably be issued early in the week. It will contain an announcement of the coming membership meeting and other interesting information.

## TWO MORE MUSICIANS LOCATE IN APPLETON

Among the new arrivals in Appleton, who expect to remain permanently, are Earl K. Christoph, clarinetist from Waukegan, and Andrew J. Wirth, trap drummer from Milwaukee. These men were induced to come to Appleton by F. H. Jebe, director of the Ninth regiment band, who is endeavoring to bring as many musicians as possible to the city.

Both of these men saw foreign service during the world war. Having served with the 121st Field Artillery Band of the 32nd division and were on French soil 12 months. Mr. Christoph expects to attend Lawrence college during the coming year.

# BUY FORTY ACRES FOR HOME SITES

Eau Claire Company Plans to Alleviate Shortage of Houses.

Eau Claire, Wis.—The Eau Claire Home-building Co. has purchased a 40-acre tract as the site for a housing development which is to alleviate the unusually acute shortage of houses. The houses will cost from \$4,000 to \$5,000 each and will be sold to employees on easy terms. Through the Mutual Building and Loan association, these houses may be financed by a payment of 20 per cent down and the balance in 100 monthly installments, the purchaser to pay taxes and interest in addition.

Extensive improvements made. Sewerage and water are being installed in the new residence district, and it is hoped to complete 25 houses by the end of the year. The home-building company has just completed a project of 25 more expensive houses on Second st. They range in price from \$9,000 to \$12,000. Built as an experiment, these houses by their success have warranted the company in launching the construction of cheaper homes.

Eau Claire's housing shortage was impressed on residents when a piano company which had been planning to locate its factory in Eau Claire was unable to find living accommodations for its employees and was forced to defer its plans. This occurred about six months ago.

Money is secured. Immediately officials of the Civic and Commerce association got busy and in a few days had raised \$50,000. This became the nucleus of the capital of the Eau Claire Home-building association. In addition, \$50,000 was raised to finance a building and loan association.

"The next time a factory is ready to move to Eau Claire there will be enough houses to take care of the employees," said O. A. Kline, secretary of the Civic and Commerce association.

# STOCKHOLDERS OF NEW FIRM TO MEET

Appleton Wonder Instant Heat Company Is to Exhibit New Plant.

The Appleton Wonder Instant Heat company will hold a special meeting of its stockholders, numbering about 150, the afternoon and evening of September 15, starting promptly at one o'clock.

The purpose of the meeting, as stated by A. Archibald, president, is to elect a director, to show the progress

made since the plant started 10 days ago, and to explain its selling plan and the amount of business already booked. Several prominent Appleton men who own stock in the company are expected to address the meeting. # M'ADOO OPPOSES BEER AND LIGHT WINE PLANK

By United Press. Leased Wire

New York—As William G. McAdoo has arranged to make an extensive stumping tour on behalf of Gov. Cox, unusual interest was aroused in political circles here today by a statement issued by the former secretary of the treasury in which he vigorously opposed any modification of the Volstead act.

"To permit the sale of light wines and beer is to open a crack in the door of prevention and once the crack is open the door is wide," said McAdoo.

"It would be impossible to prevent the gravest abuses. The brewers and the wineries know this. They know that prohibition would be a dead letter once a beer and light wine bill is passed."

# TAKE JITNEY LINE FIGHT TO COUNCIL

Two Traction Companies Apply  
to Neenah Council for  
Redress.

Fond du Lac—War has been declared by the Wisconsin Traction, Light, Heat and Power company and the Eastern Wisconsin Railway Light company on jitney-bus lines running between Fond du Lac and Neenah and stopping at various points between the two cities. A. K. Ellis, manager of the Wisconsin Traction company and B. W. Arnold, manager of the local traction company have carried the fight into the city government at Neenah. These men have asked the common council to pass an ordinance licensing and regulating the motor conveyances.

Manager Ellis stated that his company was furnishing adequate service and that all the jitneys were doing was to pick off the cream of the business. This, the traction officials stated, robbed the city of part of the taxes returnable to the municipalities on the annual earnings of the traction company. He said that the jitney line operated at will, did not run when the roads were blocked with snow while the street car company had to spend hundreds of dollars every winter to keep the lines open and in operation at all times.

"Put the bus line on an equal basis with the car company," he said "and then it will be fair competition and the question will resolve itself into which can give the better service. It will in other words be a survival of the fittest and we are perfectly willing to take our chances with the buses."

# GOVERNOR TO PASS ON ARMY-PRESS SQUABBLE

By United Press Leased Wire  
Galveston, Texas—Evidence in the court martial of Colonel Billie Mayfield, accused of attempting to "arrest" G. V. Sanders, editor of the Houston Press, was to go to Governor Hobby today for his approval. The hearing closed late yesterday. Mayfield issued a statement wherein he again admitted sole responsibility for the affair and said he ordered the arrest because he believed the Press "a menace to the safety of his command and to the lives of the good people of Galveston."

# WATSON, ANTI-LEAGUER, NOMINATED FOR SENATOR

By United Press Leased Wire  
Atlanta, Ga.—Thomas E. Watson, former congressman and former candidate for president on the populist ticket, has been nominated United States senator, according to fairly complete returns early today. Watson was assured more than the requisite majority returns from 143 of the 175 counties. His unit vote has reached 222 against 162 for Governor Dorsey and 32 for Senator Hoke Smith.

# DISCHARGE HAYS, COX WARNS G. O. P.

Democratic Candidate Avers  
His Charges Will Be Thoroughly  
Substantiated.

(By Herbert W. Walker.)  
By United Press Leased Wire  
Enroute with Governor Cox, Great Falls, Mont.—Will H. Hays, chairman of the republican national committee, should be discharged as a result of testimony before the senate campaign expenditures committee yesterday. Governor James M. Cox said here today before leaving for Helena to open the second day's stump campaign in Montana.

Governor Cox referred to statements of Dudley Blossom, Cleveland, who admitted he had been asked to raise \$400,000 in Cuyahoga county, Ohio—the quota Cox gave in his Pittsburgh speech. Cox challenged the committee to call Chicago republicans who he said have been raising the quota there.

"The testimony of Mr. Blossom," Cox said, "is just another evidence of the fact that the republican party ought to see the necessity of discharging Hays, because he has not only stood for unethical things in politics, but he did not tell the truth under oath in Chicago."

"If the committee will just dig down in Chicago alone, it will find enough to keep it busy for a week. I am sure other republican city chairmen who should be called also would under oath substantiate my charges."

Referring to testimony of Blossom that paid agents of the republican national committee assisted in the Cuyahoga county quota, Cox charged that these workers were receiving salaries of from \$300 to \$500 a week.

# ESCH DEFEATED BY LAFOLLETTE MAN

Veteran Member of House From  
Wisconsin Loses in Pri-  
mary Election.

John Jacob Esch of La Crosse, oldest member of congress in the Wisconsin delegation in point of service, went down to defeat in the primary of Tuesday before Joseph D. Beck, running with the La Follette and Non-partisan endorsement.

Congressman Esch was first elected to the Fifty-sixth congress and for twenty years has been returned from the Seventh congressional district by large majorities.

He was a candidate for the senate at the time of Senator Isaac Stephenson's election to fill the vacancy caused by the resignation of John C. Spooner and had made a national reputation as an authority on transportation matters in congress.

He was a joint author of the Esch-Townsend bill and the Esch-Cummings bill.

# Beck Is La Follette Man

Joseph D. Beck, who is nominated on the face of the returns thus far received, was deputy labor commissioner of Wisconsin under Commissioner Harold Erickson and when the latter was transferred to the railroad commission Mr. Beck became commissioner and later a member of the newly organized industrial commission of Wisconsin.

He has always been known as a La Follette supporter.

In the first district, former Congressman Harry Allen Cooper has again come to his own after a lapse of two years, following his defeat in 1915 by Congressman Clifford E. Randall of Kenosha, whom he defeated in Tuesday's primary for re-nomination.

# Cooper Back In Harness

Mr. Cooper was elected to the Fifty-third congress in 1902 and served continuously until displaced in the primary of two years ago on the charge that he has been lukewarm in his war views in congress.

Another sitting congressman who met the defeat at the primary which he administered two years ago to the victor in this contest is James G. Monahan of Darlington, defeated by former Congressman John M. Nelson of Madison in the Third district by a plurality of about 4,000.

After a close race in the Eighth district, Congressman Edward E. Browne of Waupaca has emerged the winner by a safe plurality and the same is true of Congressman A. P. Nelson in the Eleventh, where for a time Theodore M. Thomas, former assemblyman, was in the lead.

Dr. Gerhard A. Radtke, former mayor and defeated candidate for the nomination for congress on the republican ticket in Tuesday's primary, was prompt in tendering his congratulations to the winner of the three cornered race, William H. Stafford.

and not only assured him of his hearty support in the coming campaign, but said he would urge all his friends to get out and work for the republican candidate against Victor L. Berger.

In the Ninth district David G. Clagson of Oconto, was renominated. He had no opposition. He will be opposed in the November election by A. R. MacDonald of Kaukauna, who has the endorsement of the Farmer Labor League.

# TWO MORE CANDIDATES SPEAK IN ST. PAUL

By United Press Leased Wire  
St. Paul—Two more presidential candidates were scheduled to speak at the Minnesota state fair today and tomorrow.

Parley P. Christensen, farmer-labor party candidate, was due to address crowds at the race track this afternoon. No extensive arrangements had been made for his reception.

Gov. Aaron S. Watkins, of Ohio, prohibition party candidate, is due here tomorrow.

Gov. James M. Cox, of Ohio, democratic nominee, addressed Labor Day parades and the crowd that greeted Senator Warren G. Harding, republican nominee, yesterday, exceeded all previous mid-week attendance records.

# RECRUITER AWAITS FACTS ON MEDAL DISTRIBUTION

Chief Quartermaster Sergeant C. M. Little, recruiting officer, stationed in Green Bay was in the city on Wednesday in the interest of the recruiting service. Sergeant Little said he is expecting definite information as to when victory buttons will be available and that he will notify ex-service men in this district as soon as he is acquainted with the facts himself.

Sergeant Little expects to make weekly visits to Appleton for navy recruiting and will be located at the post office when here.

# BOY SCOUT BAND WILL PLAY AT HORTONVILLE

The Manawa Boy Scout band, said to be one of the best juvenile musical organizations in this section of the state will furnish music at the Hortonville fair on Friday, September 17. It was announced Thursday morning by H. M. Culbertson, fair president. Boy Scouts of all the neighboring counties have been invited to attend the fair on that day as guests of the association. Efforts are also being made to have schools near Hortonville close so that the children will have an opportunity of attending the big exhibition. Educational exhibits will be a feature of the fair, it was said.

# Be Sure To See The New Style Tendencies In Women's Autumn Dresses

Once more dame fashion sets forth and reveals all her wrinkles in frocks that will prove so dear to the hearts of American women.

Our collection is particularly interesting because of the variety of types shown and the general air of youthfulness and refined taste which pervade the entire display. Rather than complicate your choice with a too complex presentation of styles, we have selected only the prettiest of the numerous modes and have grouped them, giving a brief list of their many charming features, leaving it to you, to visit the Dress Section and view the others that make up the gathering.

# THE ATTRACTIVE PRICES WE QUOTE WILL SELL THESE DRESSES QUICKLY
